LUNCHES FOR THE CONSCRIPTS ARRANGED BY T. A. R. LADIES

The T. A. R. met in their new headquarters at the Mizpah hotel, yesterday afternoon and held a very inspiring session. Enthusiasm grows rather than diminishes and many glowing reports were made on the progress of the various booths for the October fete. Every one seems more than eager to do their bit and the ambulance from Tonopah is now practically assured.

The chairman, Mrs. Grigsby, read a letter from the national headquarters of the Red Cross and one from the head of the field ambulance service, each of which stated that they would be more than glad to receive the donation of an ambulance from Tonopah. The letter from the Red Cross stated that they needed also kitchen trailers for ambulances, each capable of feeding 210 men. They are, of course, much less expensive than an ambulance, and the organization may decide to send of them.

CAMPING OUT WITH COMFORT

C. A. Lindsay and W. M. Gardner of Santa Barbara passed through Tonopah yesterday equipped with the best camping outfit that has been seen on a desert for some time. The men had a light machine fitted with an express body surmounted by a roof held at a height of about five feet. The sides were constructed of spring bed frames with metal attachments and hinges so that they could be lowered to a horizontal position when required for sleep. The rear also dropped backward with folding levers so that a table could be arranged by a simple twist of the wrist. On the right side running board was a small kennel for the comfort of a big English bulldog which was carried as the mascot of the expedition and also to watch over the property when the owners sought rest. The partners explained that they had no special object in travelling except to regain health, stopping wherever they felt like it to do a little prospecting or hunting to kill time. They had been as far north as the Saskatchewan river and as far south as Imperial valley and are on their way home fully recuperated.

DEATH MRS. WM. COOK LATELY OF SILVER BOW

William Cook who has been operating at Silver Bow for the past ten years received a telegram this morning announcing the death of his wife at San Pedro. That the death must have been sudden is inferred from the fact that Mr. Cook received a letter from his wife yesterday. The letter was dated September 2nd and addressed to Silver Bow and nothing was said about illness. Mr. Cook intended going to the camp yesterday but remained over a day in order to look after some freight he was loading out. Mrs. Cook had been away from Silver Bow for about two years and leaves a little daughter.

later on, after their present object is accomplished.

Mrs. Lloyd Horton was appointed chairman of a committee to arrange for lunches to be given the 30 conscripts scheduled to leave Tonopah on the morning of the 15th. She will choose her corps of assistants. All T. A. R. members are requested by the chairman to meet at the barracks before train time from where they will march in a body to the station to bid the boys God-speed.

An informal dance and musical program will be given by the organization Friday evening in the lobby of the Mizpah hotel, which has been offered by the generous proprietors. The dance will start at 8:30 and there will be plenty of the justly famous T. A. R. punch. The public is cordially invited to attend. There will be no charge made for anything but those wishing to donate to the ambulance fund may place whatever they wish in an ambulance savings bank that will be conveniently placed.

TRIPLEX PUMP ON THE WEST TONOPAH

PROPERTY IN THE WESTERN DISTRICT EQUIPPED TO HANDLE WATER FLOW

The West Tonopah shaft has been equipped with a new triplex pump delivered last week and the installation is now complete so that the management feels perfectly capable of handling the heaviest flow of water that may be encountered. The pump has been placed in the station where it can raise 350 gallons a minute without crowding. With the completion of the Tonopah Extension independent electric plant this insures the West Tonopah from further trouble from flooding from the event of a suspension of power on the main line the company can fall back on the Extension auxiliary.

VIOLA DANA AT THE BUTLER

In "God's Law and Man's," the screen version of Paul Trent's novel, "A Wife by Purchase," which will be seen at the Butler this evening, Viola Dana, the star, plays the part of Ameia, a little Hindoo girl, and dances the native Hindoo dances. Miss Dana's first appearance in public as a dancer, and she is unusually proficient in the art.

Ameia, the heroine of the story, is destined for the worship of the temple of Krishna, whose priest demands the youngest and most beautiful girls to be brought to the temple. Kinda Ram, a native lawyer, imposes upon the superstition of her old nurse to send her there. She is saved by Claude Drummond, who is an English surgeon stationed in the region. Practices and ceremonies in connection with the native religion and superstitions are shown in detail, and the colorful life of the tropics is reproduced on the screen. Miss Dana as Ameia wears the native Hindoo costume, adorned by many strings of vari colored beads. "God's Law and Man's" affords Miss Dana the opportunity for strong emotional acting, combined with the winsomeness of manner that is peculiar to this little star. In addition to the feature "A Triangle comedy—"His Social Rise" will be shown. Tomorrow, another great favorite, Wm. S. (Bill) Hart, the gun man, will be seen in "Wolf Lowry." "Intolerance" is coming.

Wonderful Soda--

That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want; all the old-timers, and the newest ones.
